TWENTY-FOUR PLAIN CLOTHES MEN ON DUTY

Special Officers Named By Mayor to Assist Police in Carbing Thieves.

ANOTHER DARING HOLDUP

L. W. Morris, Coal Dealer, Is Attacked by Two Youths With Black-Jack and Injured; Assaults Make Escape But Get No Booty; During Daylight.

A special police force of 24 plain clothes men to assist in overhauling the wave of crime which has been sweeping the city has been sworn in and went on duty last night. This force of men, together with the city police, makes an organization of 30 officers working to stop the depredations of highwaymen in the city.

The plain clothes force will be used until the crime wave has been stopped. With the continuance of holdups and robberies a demand by citizens for further protection became insistent, and Thursday night the two dozen special officers of the city will be continued until every questionable "joint" has been cleared out. The police do not intend to accept forfeits from persons running disorderly houses and then let them go back as they were, but offenders will be held for hearings before the mayor who has declared his intention of placing the maximum fine on all such persons.

Another bold holdup yesterday evening has been reported to the police. L. W. Morris, who runs a coal yard at the foot of Fourth street, West Side, was attacked about 5 o'clock. He was struck a blow on the head with a black-jack which cut a severe gash in the scalp, necessitating medical attention.

After striking Morris the two evidently thought they had seriously injured him as both ran without attempting to go through their victim. Morris was not rendered unconscious, however, and says he recognized one of the culprits. A warrant for the arrest of the young man has been issued by the mayor.

The attempted hold-up was a bold one, it being daylight at the time of the assault. The West Side "freeman" were notified of the attack and went to the scene, but were unable to do anything at the time.

The home of Mr. Morris in Fourth street was entered by thieves about 8:30 o'clock Thursday night. Hearing a noise in the kitchen he opened the door to that room and saw two masked burglars, one armed with a revolver. Both fled when they saw they were discovered. Mr. Morris is inclined to think the pair which attacked him last evening were the same ones who entered his home.

CONFESSES TO HOLDUP

Negro Arrested When He Fled District Attorney Is Intended Victim.

William Hughes, colored, who was arrested following the holdup of District Attorney S. John Morrow in Uniontown three weeks ago, yesterday confessed to the district attorney that he was guilty. The official was at the jail getting a statement from another prisoner when Hughes called him to one side and made a clean breast of the affair.

Hughes said he and Henry Gilbert, now in Alabama, concocted the holdup as they walked along the street but were astounded when they found their victim was the district attorney. However, they proceeded to go through with it until frightened away.

IMPERSONATES SOLDIER

Connellsville Youth in the Tolls in Pittsburgh for Masquerading.

Masquerading in the uniform of an overseas soldier, the police say, Roy Havary, aged 18, of 317 South Pittsburgh street, Connellsville, was arrested in the Pennsylvania station in Pittsburgh last night.

The police say Havary had been living at the Soldiers' and Sailors' club and had been accepting favors from war work organizations in Pittsburgh. He admitted, the police say, he had not been in the Army. The federal authorities were notified of his arrest.

Home From France.

Russell Holt returned to his home at Ohioville with his honorable discharge. He arrived about two weeks ago from France. He says he went over the top eight times and counts himself lucky to be in the haven of home. Alex Johnson returned home Thursday evening. He arrived from France about three weeks ago.

On Ludwig's Force.

F. P. Hare, who recently resigned as burgess at Meyersdale, is a member of the Baltimore & Ohio police force under Captain E. F. Ludwig of this city. Mr. Hare will probably have his headquarters at Rockwood. In addition to his railroad work, Mr. Hare has been made deputy sheriff of Somerset county.

Banks Closed.

Banks are closed today, Washington's birthday.

ENGINEER GETS THE WRONG SIGNAL; MAN UNDER TRAIN KILLED

Joseph D. Barron Meets Instant Death While Making Repairs to Freight Car.

Joseph D. Barron, 35 years old, a Baltimore & Ohio brakeman, was killed last night about 8 o'clock, when a section of a westbound freight train passed over his body. While Barron was under one of the cars repairing the brake rigging which was broken by a derailment the engineer was given the wrong signal and started the train, a section of which passed over his body, killing him instantly. The body was removed to Funeral Director J. E. Sims' parlors and this afternoon was shipped to New Castle for interment. Mrs. A. T. McConahy and Mrs. Stewart Thompson of New Castle, sisters of the deceased, arrived here this morning and returned with the body.

Mr. Barron was born at New Castle and spent virtually all his life there. He was a son of the late Mr. and Mrs. John Barron and had been in the service of the Baltimore & Ohio for about 17 years. He had been located in Connellsville for the past two years, running from Connellsville to New Castle, and rooming at 290 East Fairview avenue. At one time he was car inspector and an extra conductor at New Castle. The deceased was a member of the Newport Methodist Episcopal church near New Castle. In addition to his two sisters, previously named, he is survived by a sister, Mrs. Norman Gleason of Youngstown, O., and two brothers, Charles Barron of Butler, and R. J. Barron of Jefferson.

MILITARY TREATY MAKES RENEWING WAR IMPOSSIBLE

By Associated Press.

PARIS, Feb. 22.—The supreme war council has completed the main details of the military treaty which Marshal Foch will soon present to the German government. It will be further perfected in detail at a meeting of the council Monday and then finally passed upon Tuesday.

This document is a highly important one being in its terms a permanent armistice but in effect a military treaty, disarming and demobilizing the German forces down to a small police basis understood to be between five and 10 divisions of 10,000 men each, with a similar complete naval and aerial disarmament and the dismantling of the frontier fortifications as well as Helgoland and the Kiel canal.

The economic and boundary questions with Germany are left for later determination but from the military and naval standpoint this treaty will be completely effective in terminating the war, making impossible any resumption of it. The treaty also will have the effect of releasing all the Allied troops except in the established areas to be occupied until the definite peace treaty is signed.

FILM OPERATOR TESTS

Will be Conducted by Inspector Darr in Uniontown March 4.

The next examination for the licensing of motion picture operators will be held in the municipal building at Uniontown from 9 A. M. to 4 P. M. on Tuesday, March 4. All applicants will be required to furnish two unmounted photographs 1 1/4 inches square.

The examination will be conducted by State Inspector James S. Darr.

REOPEN BRIDGE TONIGHT

Travel by Way of Pennsylvania to Mt. Pleasant to be Restored Tonight.

Barring the unforeseen, the bridge over Jacobs creek at Iron Bridge, which has been closed since last Monday morning for repairs, will be opened to travel at 7 o'clock this evening. This announcement was made at 2:30 o'clock at the county commissioners' office in Uniontown.

New Farm Agent

GREENSBURG, Feb. 22.—Westmoreland county farm bureau officers met in their headquarters in the Bank and Trust building Thursday afternoon and laid out plans for the coming year's activities. L. F. Engle who has been the old agent and expert for three years and a half, will be succeeded on March 1 by W. L. Treager of the Norwin high school. Mr. Engle has purchased a Murphy farm of 270 acres near Ft. Palmer, in Fairless township, and will put into practice his teachings.

Heinbaugh in States.

Mrs. C. E. Enos of Sycamore street this morning received a telegram from her brother, O. L. Heinbaugh, stating he had arrived in New York from overseas and would be sent to Camp Dix. Heinbaugh was wounded and gassed in the first big drive on July 15 and was in a hospital in France for seven months.

At Mothers' Meeting.

Mrs. E. G. Hall and Mrs. W. R. Glasper are in Pittsburgh today attending a reunion of the Mothers of Democracy at Memorial hall. The meeting was arranged for a memorial for the boys in France who will not come back.

SLIGHT DECLINE IN COAL OUTPUT IN 9TH DISTRICT

Annual Report of Mine Inspector Walsh Shows Falling Off of 197,877 Tons.

COKE FIGURES ALSO DROP

Record for 1918 Considered Fine in View of Tremendous Handicaps of Industry; Washington No. 2 Mine Leads; A Decrease in Accidents.

The mine report of the ninth bituminous coal district for 1918, submitted by Mine Inspector P. J. Walsh, shows that there was a falling off of only 197,877 tons in the production of coal as compared with 1917, in spite of all the difficulties of labor and car shortage, the war and the influenza epidemic. Production for 1918 was 7,189,346 tons and for 1917 was 7,387,223 tons.

The production of coke fell off also, there being a decrease of 304,064 tons as compared with 1917. The coke production for 1918 was 2,778,543 tons, compared with 3,082,727 for 1917.

Washington No. 2 mine of the Washington Coal & Coke company again had the honor of being the largest single mine producer in the district.

The reduction in accidents is very gratifying, this being one of the best years the district has had in number of tons of coal produced per fatal accident, which fact shows that the operators and officials at the plants did not try to maintain output at the expense of safety to men employed.

Causes of fatal accidents inside show that 72 per cent were due to falls, 18 per cent to mine cars, with the other 10 per cent scattered. The decrease in fatalities from mine cars is pleasing and shows that efforts made to reduce accidents from this cause are meeting with success.

The nationality of persons killed during the year shows that four Americans, one Irish, one German, two Italians, one Slavonian, one Lithuanian, one Austrian and one Magyar lost their lives during the year.

Quite a number of new mines started operation during the year due to the great demand for coal. Two companies in Indian Creek district are making exceptional headway in putting their properties in shape to produce large tonnages, namely the McVort Coal company and the Indian Creek Coal & Coke company.

More than 2,500,000 tons of coal were produced by mining machines which clearly indicates that shortage of labor was met in part at least by the adoption of mining machinery. A few years ago but very little coal was produced by mining machines in this district.

Three mines were finished during (Continued on Page Two.)

LET THE KIDS FIGHT

That Is Advice of Former Philadelphia Probation Officer.

PHILADELPHIA, Feb. 22.—"Let your boy lick every other boy in town if he wants to, and don't pamper him at home."

Thomas G. Parish, former probation officer of the municipal court, in speaking to the Cliveden Improvement association, in the Water View park playground building, said boys can be "controlled" only by allowing them to follow their instincts.

JULIAN DRISCOLL PRISONER OF THE HUNS 15 MINUTES

A prisoner of the Germans for only 15 minutes was the experience of John Julian Driscoll, who arrived home Tuesday night after serving with the 330th Infantry in France. Driscoll was a runner and seeing he was about to be captured by the enemy, outwitted his captors by chewing up a message which he was delivering from one command to the other. Just 15 minutes after he was captured he was rescued by American soldiers.

Driscoll was later badly gassed and for a time his condition was very serious. However, he recovered sufficiently to leave for the States. Soon after he started on his journey he commenced to take on weight and continued to improve. He was honorably discharged a well man from Camp Dix. Driscoll is a son of Mrs. Catherine C. Driscoll of East Connellsville. He had many thrilling experiences during his service in France and is glad to be back home again.

MRS. ROBBINS' GOOD WORK

Much of Publicity for the Many War Drives Was at Her Expense.

Although the average person who read the brilliant posters on the bill boards during the numerous war drives did not know it, Mrs. Fred Robbins, head of the Robbins Postings Service, contributed no small part to the success of the campaigns and did it gratis. Altogether 2,400 sheets were posted at her expense on the boards in Connellsville, Dunbar, Vanderbilt, Evergreen, Mount Pleasant and Scottsdale and in territory intervening.

This work covered publicity for the first and second Red Cross campaigns, the Liberty Loan drives, the Christmas Roll Call, the Armenian Relief campaign, fuel and food conservation campaigns, the United War Work campaign and the Boy Scout movement.

TUMULTY NOT CANDIDATE

President's Secretary Doesn't Seek Governorship, He Says.

JERSEY CITY, Feb. 22.—Joseph P. Tumulty, secretary to President Wilson, will not be a candidate for the Democratic nomination for governor of New Jersey, he declared in a letter made public here. Asserting that many friends had urged him to enter the race, he wrote:

"My present duty is to stay in Washington, where I may be of some little service to the great man whom I am trying modestly to serve. To go into the governorship fight would mean a severance of my relations with him at a time when I believe I can be of some real service here."

MRS. MORT ASKS DIVORCE

Local Woman Charges Husband With Cruelty; Seeks Alimony.

Charging cruelty and indignities to the person, Mrs. Estella Mort of East Crawford avenue, Connellsville, today filed a libel in divorce in Uniontown against Charles E. Mort, a Baltimore & Ohio railroadman. Alimony not exceeding one-third of Mort's income is asked.

The Morts were married at Greensburg September 23, 1918, and have since lived in Connellsville.

Demobilizing Plans.

WASHINGTON, Feb. 22.—The weekly interview with General March, chief of staff, having been deferred because of a holiday the War Department made public today the usual statistical review of the progress of demobilization showing that a total of 74,313 officers have either resigned or been discharged from the Army to date, while 1,164,518 men have been released.

Made Company Clerk.

Mr. and Mrs. W. C. Crouse of South Connellsville have received word that their son, Glaser Burkhardt, an electrician in the Quartermasters' Department, Justice Hospital Group, at Toul, France, has been made company clerk. He expects to be home soon, a letter says.

WASHINGTON'S POLICY IN LINE WITH TODAY'S

Hard to Find Anything Inconsistent, Declared Governor Sprout.

NO FEAR OF TERRORISM

Any Movement Aimed at Dethronement of Religion and Destruction of Law Will Not Get Far, Says Executive in Washington Day University Speech.

By Associated Press.

PHILADELPHIA, Feb. 22.—Governor William C. Sprout, orator at the University Day exercises of the University of Pennsylvania, speaking today on the life of Washington said that it is hard to find anything inconsistent with Washington's policy, as announced in his farewell address, in the present undertakings of the country to prevent the recurrence of war.

"Our proposed commitments with the other nations of the world," said the governor, "may be a radical departure from our traditional policies, they may be considered as more ideal than practical in their terms, they may be feared as too long a flight into idealism for human nature as it is at present constituted—these are still controversial subjects upon which I shall not venture—but the general plan cannot, it seems to me, be considered as in opposition to Washington's views nor of his policies, surrounded as he was by circumstances which made such policies in his time necessary."

"Washington knew what war was, although his experience was inconsiderable as compared with recent conditions, but he knew what warfare meant to a country and to its people, and his constant effort was to guard against it. Would he not surely want the great power and influence of the America of today to be thrown into the effort to avert war by any honorable and understandable means? I believe so, and if idealism will prevent warfare and give the world a chance to recover from what we may hope will be the last great struggle, he would have us try it. But, Washington would also have us keep a firm hold upon the practical problems connected with our own advancement and prosperity and, while entering upon the new plan in absolute good faith, be prepared for any eventuality."

"So let us go about the business of settling down to our own problems, holding in full earnestness to our international obligations and giving our aid, in substantial ways, to the great experiment, but insisting upon the handling of our own national affairs, our economic, racial and political questions, in a sane and practical way which will keep us a great nation, united and virile."

"Today we hear much of agitation for radical changes in our methods of government; indeed some alien enemies aided by native social neophytes, even plan the destruction of the Republic and advise 'direct action,' or violence and terrorism toward this end. We will attend to the matters without much trouble, although there may be disturbances and attempts at disorder which may impress the timid and the unreasonable. But no cult which aims at the dethronement of all religion and the destruction of law and order and justice in America will get very far. Our people, though they have been diluted a bit in their racial characteristics, will again stand the test, and the comparatively few who want 'direct action' will be likely to find plenty of it when the time comes. Our national ideals will withstand without a tremor the attack of the unfit, the criminal and the perverted."

BACK WITH COMPANY

Good News Comes to Vanderbilt Concerning Private William A. Reed.

Mr. and Mrs. W. J. Reed of Vanderbilt received a letter yesterday from the War Department saying that their son, Private William A. Reed, who was severely wounded, had returned to his command, Company 1, 315th Infantry. The first news the parents had of their son being wounded was the publication this week of his name in the casualty list. Private Reed was struck back of the ear by shrapnel, necessitating an operation. He also was wounded in the heel.

Mr. and Mrs. Reed received a letter also from their son, Mechanic George Edward Reed of Company 1, 315th Infantry, saying that the 30th Division would start for home "February 29." They did not see the point at first.

Negro Baptists Meet.

The mid-year conference of the Monongahela Western Baptist Sunday school was held in the Mount Calvary church on Thursday. The address of welcome was delivered by Rev. E. B. Payne, pastor of the convention church. Among the schools represented were Rocky Mount and Union Baptist, both of Connellsville; St. Paul's, Vanderbilt, and Wick Haven.

FORMER FAYETTE BOY IS PROMOTED TO A CAPTAINCY

Lieutenant James F. Beattie, Jr., With 15th Engineers May Soon Be on His Return to Country.

James F. Beattie, Jr., a former Fayette county boy, with the 15th Engineers in France, has been promoted from lieutenant to captain, according to a cablegram received by his father, James Beattie, Sr., who formerly was superintendent of the Wheeler and Morrell mines; but now is president of the Beattie Mining company at Fairmount City, Pa. The 15th Engineers is now at a French port waiting for transportation home.

Captain Beattie, whose commission dates from February 13, was born at Wheeler in 1887 and was educated at Colorado Springs, Col., Calvert high school in Texas, and Alabama Polytechnical Institute, Auburn, Ala. He enlisted in 1906 in the Regular Army, Engineers, and was with the army of pacification in Cuba in 1906. He left the Army in 1908 with the rank of sergeant and became assistant mining engineer for the Shawmut Mining company at St. Mary's, Pa. Later he was division mining engineer for the Tennessee Coal, Iron & Railroad company and chief engineer for the Pine Run and Bader mining companies at New Bethlehem. He was commissioned a second lieutenant in the Fifth (now the 15th) Engineers in May, 1917, and was promoted to first lieutenant while in France.

The father of Captain Beattie was superintendent of the Wheeler and Morrell mines from 1890 to 1893.

110TH BAND ON WAY TO COAST LETTER ASSERTS

SCOTTSDALE, Feb. 22.—James Keegan has received word from Charles Cunningham of the 110th Infantry Band that it is on its way to the coast and expects to be home the first part of March and that the 110th has been released from the Army of Occupation.

"We have a new colonel," he says. "He was assigned today. Give out the news that we are coming. We expect to land in Philadelphia." Get Company B and the parade is on when we come home."

Mr. Keegan stated that there is no doubt of the fact that when the boys come back of the original Company B and the band will parade in Scottsdale.

That the 25th Division will soon start on its journey home was confirmed in a letter received at Somerset from Captain W. Curtis Truxal of Company C, 10th Infantry. Writing under the date of January 9 Captain Truxal said that he had been ordered to make the announcement to his men that they would be sent home as soon as transportation could be provided for them. He also said that he had no trace of 15 Company C boys who have been missing since July 15.

'COTTON' M'CORMICK HOME

Son of Street Commissioner Was Gassed and Hit by Shrapnel.

Private William R. McCormick, who was gassed and wounded, was honorably discharged from the service, arriving home this morning. Private McCormick was gassed at the Argonne forest on October 10, and while on his way from a field hospital to a base hospital he was struck in the left leg below the knee, by a piece of shrapnel. He was discharged from the hospital on November 15 and arrived in the States on Sunday, February 9, and received his discharge at Camp Dix.

"Cotton," as he is better known among his many friends, has entirely recovered from his wounds, and is looking fine, despite the hardships of war which he underwent. He is a son of Street Commissioner and Mrs. William McCormick of McCormick avenue.

COMMUNIST REVOLT IN BUDAPEST

Troops Quickly Called Into Action to Suppress the Movement.

WORKERS RIOT IN MUNICH

Situation Reported to Be Serious, Dispatch from Copenhagen Says; Battle for Possession of Lemberg Continues, Ukrainians on the Offensive.

By Associated Press.

PARIS, Feb. 22.—A Communist revolt broke out in Budapest Thursday night, says a dispatch to the Matin from Zurich, quoting a Swiss news agency message from the Hungarian capital.

The revolt is under the leadership of agitators who are for the most part Germans and Russians, the dispatch states. The insurgents stormed the offices of the Socialist newspaper Nepvaya and occupied the telegraph office and the railroad station.

Count Karolyi, the provisional president, immediately called a meeting of the cabinet. The ministers sat far into the night and decided to take all necessary measures to stop the outbreak. Martial law was proclaimed. Government troops, the message adds, have already recaptured the railway station. The metal workers of the city, it is stated, are preparing an anti-communist manifestation.

CIVIL WAR IN MUNICH REPORTED

LONDON, Feb. 22.—The troubles in Munich took a still more serious turn yesterday afternoon, according to a Copenhagen dispatch to the Exchange Telegraph company. Church bells began ringing. Ten thousand workmen from the suburbs marched into the center of the city and a short time later violent firing was heard, it is said. The mob is reported to have been plundering shops.

The dispatch characterizes the conditions now prevailing in Munich as virtually those of civil war.

BATTLE AT LEMBERG RAGES FURIOUSLY

PARIS, Feb. 22.—The battle at Lemberg has been resumed, according to a Havas dispatch from Cracow. The Ukrainians attacked violently. They are credited with the object of capturing the city before the arrival of the inter-Allied mission. A Warsaw dispatch received yesterday stated that the members of the inter-Allied mission to Poland were fired upon by Ukrainian soldiers while on their way from Cracow to Lemberg and that the delegation returned to Cracow.

After beginning an attempt to open negotiations for an armistice the inter-Allied mission left Cracow for Warsaw, where it will continue its efforts.

FORBIDDEN TO TALK

Premier Clemenceau Is Forbidden, the Physician's Statement Says.

PARIS, Feb. 22.—Premier Clemenceau is somewhat fatigued and will receive no one today," said Dr. K. Cantura of the medical staff attending Premier Clemenceau. Following the examination of the premier shortly after 9 o'clock this morning.

"The premier is absolutely forbidden to talk," Dr. Cantura said. The doctor's statement was understood to be a synopsis of the official bulletin which at this hour, 9:30 o'clock, had not yet been issued.

DR. MARY WALKER DEAD

Was Surgeon in Civil War. Gained Fame by Wearing Male Attire.

By Associated Press.

WATERLOO, N. Y., Feb. 22.—Dr. Mary Walker, aged 87 years, died at her home at Bunker Hill, near Oswego, at 8 o'clock last night, after a long illness.

Dr. Walker was a surgeon in the Civil War and was awarded a Congressional medal of honor. She gained considerable fame by being the only woman allowed to appear in male attire by an act of Congress.

Lieut. Poole Here.

Lieutenant C. H. Poole was in town yesterday on his return to Washington, D. C., after spending a brief visit at his home in Ruttsdale. Lieutenant Poole, who is a brother of C. J. Poole of this city, was located at Mobile hospital No. 2, in France, arriving at Newport News a week ago today. He is now stationed at the Walter F. Reed hospital in Washington.

Society

The Masonic temple in South Pittsburgh street was the scene of a brilliant social function last evening when the Connellsville Masonic association gave its fourteenth annual Washington birthday banquet. The banquet was not only the largest ever held by the association, but was the most enjoyable one according to the consensus of opinion of the guests. The committee in charge left nothing undone towards making the evening a success of opinion of the guests. A delightful time was had by all. The affair was handsomely appointed, the spacious auditorium never presenting a more beautiful scene. Patriotic decorations prevailed, flags of the stars and stripes in every available space, forming a striking contrast with the charming gowns worn by the ladies. The program was served at 7:30 o'clock by the women of the Trinity Lutheran church, who are noted for their splendid suppers. The menu included turkey and an abundance of many other good things which help to make an elaborate supper. Eight large tables, which were arranged in the auditorium, held a mass of patriotic and many sandalwood shaded with delicate shades of various colors. Mr. R. L. Lewis, was toastmaster, and Attorney Edward Carter Higbee was the principal speaker of the evening, choosing as his subject "Man's Duty to Man." His address was a most interesting one and was eloquently delivered. Following the address dancing was commenced and continued until 3 o'clock this morning. The floor was in excellent condition for dancing and Kiefer's orchestra, composed of eight pieces, was never better. A program of all the newest and entrancing dance music was rendered. Those who cared not to dance played cards in the ladies' parlor until 1 o'clock, John Davis led in patriotic singing.

The reception committee was composed of Eugene Trump Norton, chairman, W. R. Long, George Bowman, Frank W. Wright, William E. Crowe, Otto R. Carpenter, H. George May, Stanley P. Ashe, J. Donald Porter, Clyde R. Wehe, Ralph C. Beebe, Eugene R. Floto and William J. Bailey, while the committee on arrangements was composed of Robert Norris, chairman, John W. McClaren, John L. Evans, William R. Scott, Eugene Trump Norton, William D. McGinnis, and Stanley P. Ashe.

The out of town guests were Miss Elsie Regan of Confluence, Miss Margaret Pryce Mrs. Austin Wilson and Miss Grace Williams, all of Youngstown, O.; Mrs. Sarah E. Moore of Cadiz, O.; Mrs. Lenora Stirling, Jeannette, Mr. and Mrs. F. G. Goebert, Greensburg; Mr. and Mrs. J. Campbell, Miss Ruth Junke, Mr. and Mrs. J. McWhorter, Mr. and Mrs. B. Hartman, Mr. and Mrs. J. M. King, Mr. and Mrs. Q. W. Huttie, A. J. Stickel, Miss Mithen, Mr. and Mrs. G. C. Jarrett, Mr. and Mrs. F. W. Conway, all of Scottsdale; Mr. and Mrs. D. B. Stauff, William H. Moore, Jr., Miss Martha E. Neill, J. Floyd Brownfield, Miss Florence Lemon, Mr. and Mrs. Oliver Perry Stone, Mrs. C. Conn, Mrs. E. Provance, W. D. Johnston, Mrs. Theresa L. McDonald, Mr. and Mrs. Frank Johnson, Mr. and Mrs. James Garza, all of Uniontown; Miss Blanche Williams of Warren, O., and Mrs. John Patton of Pittsburgh.

The annual meeting of the Women's Mission Guild of the First Baptist church will be held Thursday afternoon at 3 o'clock at the home of Mrs. J. C. McClean in South Pittsburgh street. The object of officers will take place and following the business meeting a social session will be held. A special program of readings and music will be rendered and all women of the church are invited. Those who have little boys are asked to bring them to the meeting.

John Keister, the news dealer, entertained his newboys at a moving picture party last night at the Solon theatre. Following the party refreshments were served at a restaurant and a very enjoyable time was had.

WASH YOUR CORSET FREQUENTLY

Every woman should have at least two Corsets—one that she is wearing and one in the laundry. Dainty women do not wear one Corset continually until it is worn out. Corsets, like other garments worn near the skin, should be tubbed frequently.

MODART CORSETS

will stand constant laundering. They should be soaked in luke-warm water and scrubbed with soap. Hot or boiling water should not be used, as it impairs the rubber in the elastic.

The superior quality of Modart body clothes—lappes—hose supporters are not affected by tubbing, and the clock spring steel boning in MODART'S is protected by a rubberized covering that makes it impervious to water.

Inferior quality Corsets that are made from materials loaded with starch lose their shape when laundered, and paper-covered boning, which rubs off when it becomes wet, allows the steel underneath to rust. When well laundered and modart MODART'S Corsets become like new. There is no impairment to any part of the garment. Its shapely lines are unimpaired.

All day—at whatever task you may be engaged—household duties, athletic sports or social functions—a MODART Corset gives you a superb feeling of comfort and contentment.

Let your next Corset be a MODART. Have a thorough trial fitting. You will look well and feel better.

Closing Out

Compelled to Vacate April 1st

Store piled full of Wall Paper from floor to ceiling. My entire stock for this season had been purchased and is now in the store.

430 Patterns—97,000 Rolls

This notice to vacate was unexpected, and it leaves me with the biggest stock of Wall Paper ever seen in Connellsville. I have been unable to secure a location, and if you want Wall Paper this season, now is the time to save money. Rather than move this enormous stock to another city, I am making prices that must attract you.

The paper hangers union is raising the price of hanging on April 1st. Get your work done now before the advance takes effect. I have everything known in Wall Paper, and the prices now are half what others ask.

A beautiful line of new tapestry and foliage papers at 17½¢, 25¢, 32½¢ and 50¢ the roll.

Oatmeals at 15¢ the roll. Duplex unfading Oatmeals at 20¢ the roll. Gloria mottled Oatmeals at 20¢ the roll. Fifty patterns at 7½¢ the roll.

Art designs in all-over, stripes, brocades, two tone and shadow effects at 10¢, 12½¢ and 15¢ the roll.

Special to The Courier.

SCOTSDALE, Feb. 22.—"Mick" Ni-
cotia, a Scottdale Italian, who was
stabbed to death on Bridge street Sep-
tember 22, 1918, it was learned by
William Ferguson, the undertaker,
yesterday, had a fortune in Italy.
Word was received yesterday from a
sister, Marie Grazia Nicotia, of 53
Catherine street, New York City, giving
the data that would be needed to
fill in the death certificate of Nicotia,
so that the estate that awaits his heirs
in Italy may be settled.

The correct name given for him was
Michele Nicotia, and his birthplace as
Santa Caterina Villarmosa. At the
time of his death people were hardly
interested enough in the man to see
him properly buried and have been
much surprised to learn of his stand-
ing. Mr. Ferguson will fill out the
necessary papers and forward them to
the sister in New York.

MAKING A JOYFUL NOISE HERALDING WORLD'S GREATEST MISSIONARY EVENT OF THE CENTURY

The Methodist Centenary Trombone Choir of 100 instruments is here shown leaving the stage in recessional. At the head is Frank M. Sulphem, director. This is the first time 100 trombones ever have been organized into a single musical unit. Above, at the left, is S. Earl Taylor, director general of the celebration, of New York. At the right is W. B. Beauchamp of Nashville, Tenn., associate director general of the celebration, representing the Methodist Church South.

ONE hundred trombones, mobilized
for the Methodist Centenary
Celebration in Columbus, Ohio, June
20 to July 7, will pour forth the har-
mony of "Hallelujah Chorus" and
"Holy City" in the huge Coliseum
where the musical features of the
celebration will be held.

One hundred trombones—some so
large and some so small that they
must be made to order—will blend
their music in the largest, and so
far as is known, the only choir of its
kind in the world.

Being absolutely new and unique,
the trombone choir has presented any
number of difficulties to its organ-
izers, the Centenary Celebration com-
mittee. In the first place, they must
find 100 trombone players within rea-
sonable distance of Columbus. They
solved this problem by mobilizing all
the professional players, and complet-
ing the organization with talented
amateurs. Anthony Ruppersburg was
made business manager of the choir,

and Frank M. Sulphem, a well known
trombonist of Columbus, was secured
as director of the 100 musicians, who
are contributing their time and talent
to making a success of the Centenary
Trombone Choir.

A greater problem lay in what to
play, for no music had ever been
written for a trombone choir of 100
players. It had to be specially pre-
pared. Nationally known composers
are now at work arranging such sac-
red and semi-sacred selections as
the "Soldiers' Chorus" from Faust,
"Holy City," "Hallelujah Chorus" and
"Glorious Christian Soldiers" for the
huge choir.

The Centenary Choir is composed
of 12 soprano trombones, 18 altos, 40
tenors, 15 baritone and 12 bass trom-
bones. These 100 instruments are
arranged to form six separate choirs,
each a musical unit in itself. At the
extreme right of each bank, or choir,
come two soprano trombones no
larger than cornets. These instru-
ments are made to order. Next come
three altos, then two first tenors, and

two second tenors. In the center of
each row are the third and fourth
tenors. Next come the first, second
and third baritones, each with a part
of its own, then the big B flat bass
trombone, and, on the end of each
choir, the F bass, a mellophone affair,
which also had to be made to order
for the Centenary Choir.

"Most people have the mistaken
idea that the trombone is a blaring,
blasting instrument, used solely for
the purpose of making noise," says
Mr. Sulphem, the director. "On the
contrary, it is one of the truest of
musical instruments. Having neither
valves nor frets, it can be tuned per-
fectly as it is played, and its tones
can be softened to the mellow notes
of the violin."

"So adaptable is the trombone, so
wonderful is its power of expression,
that it can take the place of flute,
cello, cornet or violin. In an orches-
tra. And the same variety of tones
may be perfected in a correctly bal-
anced choir of trombones as the larg-
est organ can produce."

STOMACH UPSET?

Get at the Real Cause—Take Dr.
Edwards' Olive Tablets

That's what thousands of stomach
sufferers are doing now. Instead of
taking tonics, or trying to patch up a
poor digestion, they are attacking the
real cause of the ailment—clogged liver
and disordered bowels.

Dr. Edwards' Olive Tablets arouse the
liver in a soothing, healing way. When
the liver and bowels are performing their
natural functions, away goes indigestion
and stomach troubles.

"WITH THE NEAREST

COOPERATION."

Prefacing a quotation, in full, of The

Courier's editorial comment on the

proposed home welcome to Fayette

county service men, the Uniontown

Herald this morning said:

"Plans for the county wide recep-

tion in honor of Fayette county's re-

turning heroes will receive the heart-

iest cooperation of every substantial

and liberty loving citizen. Tentative

agreement plans for the greatest demon-

stration ever held in the county, will

begin to assume some definite form at

a meeting here on Tuesday of com-

mittees from Uniontown and Connel-

ville.

"Our sister city has accepted the

trust and offer that the celebration be

held there, unconditionally extended on

the part of the committee recently

named by Mayor Carr.

"The celebration will have the

heartiest cooperation is the assurance

given by our contemporary at the

County Capital which further said:

"Fayette county soldiers in the 29th

or Iron Division and in the 80th Di-

vision, for the most part, have brought

the greatest of honor upon their native

county and country. They met and

beat the best the Boche had. They

helped turn the tide of the war and

hammered the Hun into quick defeat.

They are recognized as among the

very best soldiers, American or Allied,

in the world. The great county wide

celebration is to be staged with the

heartiest cooperation of every sub-

stantial individual in the county. There

is to be no petty rivalry between cities

or towns or individuals. We shall do

honor to the returning heroes in a

manner which, to the best of our

ability, will be commensurate with the

great service the boys of the county

have rendered their country and the

honor they have done us."

To honor the boys, not a place, by

the greatest testimonial of appreciation

ever given in the county, is the

thing to be done. The way to do it is

by every place and every person in

the county joining in the same spirit of

cooperation and as wholeheartedly as

Uniontown offers to do. Then, in-

deed, will it be "the greatest demon-

stration ever."

USEFUL SOLDIER MEMORIALS.

There is a growing disposition,

wherever the question of soldier mem-

orials is being discussed throughout

the country, to give them a character

different from what has heretofore been

regarded as the proper type of struc-

tures for this purpose. As this sub-

ject is more thoughtfully considered

in these important practical days, the

more does the proposal grow in favor

of erecting buildings, dedicated to civic

and social uses in the communities.

the delusion that a man is doing any-

thing especially generous when he

puts his money into an investment

which offers the best security in the

world and a fair rate of interest. To

couple the fifth loan with free gifts

and soldiers' memorials will make it

in a real sense a Victory Loan. It will

be much more than this. It will be a

Reconstruction Loan.

Wherever possible, this community

memorial building ought to be the

public school house, in order to pre-

vent needless waste through duplica-

tion. It is the logical community cen-

ter. It is non-partisan, non-sectarian

and non-exclusive. It is owned and

operated by all the people and there-

fore furnishes a platform on which all

can meet on terms of self-respect. The

school house could be remodeled or en-

larged or replaced by a new one. It is

the natural capitol and clubhouse of

every community. In rural districts

small schools should of course be

consolidated in order to eliminate a

waste and secure a community large

enough to support the kind of build-

ing here proposed.

The school house ought to be used

for this purpose wherever possible. If

possible, the school officials are urged

to be progressive and unafraid to op-

portunity, then an independent build-

ing ought to be erected. Institutions

made for the people, not the peo-

ple for institutions. Let us use what-

ever means are available for our pur-

pose. But there is no need to wait. A

community to submit to a backward-

looking board of school directors. The

schools belong to the people. School

officials are their public servants and

execute their will.

There is so much of truth and

sound common-sense in the forego-

ing that every community which con-

templates providing some permanent

means of honoring its soldiers, both

dead and living, can well give thought-

ful consideration to suggestions offer-

ed.

How much more does General Persh-

ing, after a hasty visit of inspection,

know about actual conditions in the

debarkation camp at Brest than the

officers in charge told him? Nothing

unless he came in contact with the

soldiers who do know, and that never

happens during an official in-

spection, the time of which is an-

nounced in advance and preparations

made for it.

The Winter Capital is having its

sea-going qualities put to a test on

the stormy Atlantic these days.

The verdict of the coroner's jury in

the Burkey inquest ought to be another

reminder to parents about extracur-

ricular sports to youths who do not com-

prehend their dangerous character

when in the hands of inexperienced

persons.

Does not the Senate Committee on

Foreign Affairs have a better right to

the full explanation of the League of

Nations than an audience of Bos-

tonians, no matter how cultured?

There are those who think that in-

surance at Connelville has been about

as wide open as it can be, we

might be able to get along without a

county-wide celebration.

Do not let the fear of being held up

deter you from attending church to-

morrow. Conditions are not quite that

bad yet.

The West Penn rate protesters have

a "skip stop" system of their own

which is still in operation on the No.

NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

**Borough Officials Leave
Sunday to Inspect
Water Plant.**

ACTION HERE EXPECTED SOON

Preparations to provide the town with its own supply of water will be taken shortly, Council members read indicators; other news.

Special to The Courier.
MOUNT PLEASANT, Feb. 22.—On Sunday morning Burgess S. P. Stevens, President of Council, E. B. Goldsmith, Adam Porter, Frank Pirogner, P. E. Frazier, C. M. Galley, Ernest Copeland, N. M. Crusan and Borough Solicitor Eugene Warden will leave for Huntington where they will inspect the water plant taken over by the borough of that place. On Monday they will look over Mount Union's water plant and Monday night they will go on to Harrisburg. President Goldsmith stated that the council wants to be able to take some definite action on the water question in a very short time.

Short Council Session.
Council held a special meeting last evening at the borough building and heard the reading of the audit. This was accepted and ordered turned over to the borough solicitor.

Thank-Offering Service.
Mrs. T. C. Harper, the thank-offering secretary, entertained the Missionary society of the United Brethren church at her home on Walnut street on Thursday evening at their annual thank-offering meeting. Eighty dollars was received. Rev. T. C. Harper read the lesson. Special music was furnished by Mrs. William Shupe and Miss Clara Burkholder. Refreshments were served and small American flags were given as favors.

Willard Memorial Service.
The Frances E. Willard Memorial service will be held Sunday afternoon at 2:30 in the Free Methodist church. Rev. C. B. Calloway will make the address. The public is invited to attend.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take Tablets of Salts U Back Parts of Bladder Doctors.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork they are doing. The elimination of uric acid and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

Smithfield.

SMITHFIELD, Feb. 21.—Prof. F. B. Whoolery, Pauline Frankenberg and William Britt were in the County seat Wednesday taking the civil service examination.

The auditors' report of the financial condition of the borough for the year 1918, is being criticized in that it does not show either receipts or expenditures of the borough office. A member of the auditing committee when asked why this was said that they had nothing but a blank book of this department of the borough to audit. However, the report does show an item of \$50 expended for police service. This was paid on a borough warrant from council, drawn in favor of Herman Collins, who was policeman at that time.

Mr. and Mrs. O. S. Conn of Fairchance visited relatives in the borough Thursday.

Arthur Malone, recently discharged from Camp Lee, has procured a job at the Bowwood mine of the Republic Iron & Steel company. Malone was married a few months prior to entering the army to Miss Elizabeth Rankin, who, while her husband was in the army, made her home with her parents, Mr. and Mrs. H. J. Rankin here, and where, while her husband was in the Army, gave birth to twin boys, Albert and Arthur.

THE PARAMOUNT.

"HER MISTAKE"—In which Evelyn Nesbitt, assisted by her young son, Russell Thaw, and an exceptionally capable company, is being shown today. The piece was written especially for Miss Nesbitt. The story is a most unusual one. It has its beginning in the meeting of a wealthy young man who has made a gunning trip to escape the toils of a too calculating young woman in his home city. Unlooked for adventure waylays him in a backwoods township. He meets a charming unsophisticated daughter of the village and also at the same time he meets the town bully. As the result of a second meeting the young man is so seriously injured that only by an operation of blood transfusion can his life be saved and it is the girl who in this extremity gives up her blood to him. The two are married and return to the boy's home. But there the ingenuities which had charmed him in the country palls on him and eventually, neglecting his wife and baby boy, he seeks distraction in the company of the woman from whom he had formerly fled. She in the meantime has become the wife of his wealthy uncle, and one day, as was to have been expected, his wife and her husband learn of the deception the two have been practicing. The situation is full of dramatic possibilities and in the denouement of the story these are enthusiastically embraced. A selected comedy is also being shown.

THE SOISSON.

"THIRTY A WEEK"—A Goldwyn production, with Tom Moore in the leading role, is being shown today. The popular Goldwyn star is seen as Dan Murray, a chauffeur for a financier, who has eloped with his employer's daughter, Barbara. Her father wants his wrath by having Dan dismissed from several positions in the hope that his daughter will come back to him. Good fortune comes to the Murray in the person of Larry Spencer, one of Dan's former employers, who engages Dan to pilot his car in a big automobile race and offers him \$500 and also Barbara's residence in a gown that Dan sees displayed in the window of a fashionable shop while on his way to Sheephead Bay race track. Dan gives the money to Minnie Molloy, an old friend, on the plea that her husband is near death and that only a trip to the west can save him. Dan explains but Barbara is obstinate and the following morning leaves their home and goes to the home of her parents. News of the separation reaches the newspapers and reporters are sent to both homes to get the facts. The story has a happy ending. One of the thrilling incidents of the picture is an automobile race at historic Sheephead Bay, with Mr. Moore one of the contestants. The famous speedway with thousands of racing enthusiasts cheering, the drivers as they start in the annual classic are shown. Kliffie Gordon, the celebrated actress, will be seen soon in "Adele."

SCOTTDALE THEATRE.

"TEN NIGHTS IN A BAR ROOM"—To those who have never witnessed a performance of the great moral drama, "Ten Nights in a Bar Room," and also to those who may have seen, and have not been so impressed that they wish to see it again, an opportunity will be given when it appears at the Scottdale theatre on Monday, February 21, to gratify their wish. To add to the popularity of this already popular play, Arthur C. Alston has engaged to play the part of Joe Morgan, the drunkard, the well known actor, Robert Downing, who for the last few years has turned his attention to evangelistic work, but who now feels he can do a good work by rescuing the many who go to the theatre especially with a play of such great heart interest, and comedy situations. At one time the audience will be spell bound by the intense acting of Mr. Downing and little Edythe Rynor in the part of Mary Morgan, the drunkard's child, and then transported into joyland at the amusing comedy scenes between the Yankee Sammie Switchee and his unkind sweetheart, Meltable, played by Bert Melville and Helene Andree.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, insupportable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. Sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some **GOLD MEDAL** Eucalypti Oil Capsules immediately. They have brought back the joy of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, all stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for **GOLD MEDAL** and be sure the name **GOLD MEDAL** is on the box. Three each, at all good drug stores.

CHARLEY RADBOURNE USED TRICK PLAYS

Bill Gleason of St. Louis Browns
in Reminiscent Mood.

Light Turned on Career of Pitcher
Who Won National League Pen-
nant for Providence in 1884—
Used a Balk Motion.

Bill Gleason (Brother Bill), now a captain in the St. Louis fire department, once a member of the famous old Browns of the eighties under Charley Combskey, was in a reminiscent mood the other day and told some stories of the days when the monarchs of baseball—the old Browns—were beating 'em all.

During the fanning bee he cast some lights on the career of Charley Radbourne, who won the National league flag for Providence in 1884.

"Providence in 1884 had a great team and one that was full of tricks, and Radbourne pulled his share," said Gleason.

"Radbourne used a balk motion that was better than Ed Walsh's, and you remember how the 'Big Moose' used to get away with it for Fielder Jones. It was a balk motion, and he was almost as good as Marty Killy at picking 'em off the bags."

"Irwin and Carroll were clever bunters and kept the opposition guessing, although to bunt in those days was considered a 'baby act'."

"Gilligan, after he would catch two strikes, would cover the plate from the umpire's view by stooping almost over it. When the next ball came over, whether it was a strike or not, he would snap the ball to the shortstop or second baseman."

"The umpire generally sang out 'Three strikes!' just as Farrell was apparently putting the ball on the runner. That fellow was a wonder at bluffing a putout, and got credit for lots of outs he never made."

"Providence worked every angle and used their heads from the minute the batter came to the plate. He had to outguess Radbourne to get on, and then fight a battle with him if he took a luck off first. At second, if he tried to steal, it was almost a cinch he would be called out on account of Farrell's marvelous ability for faking the touch." If he went to third, he had to cut around the third baseman and shortstop, who were always in his way.

"You sure earned a run when you got it off Radbourne."

BENNY LEONARD A TEACHER
Lightweight Pugilist Has Taught
40,000 Soldiers Fine Points of
Boxing Game.

"I have taught boxing to 40,000 soldiers in training at Camp Upton, most of them men who never saw a boxing glove, let alone pulling one on," says Benny Leonard. "They learned how to jab with the left, counter with the right, step out of a clinch, hit and get away and some other tricks of the marquis of Queensberry art."

"Believe me, it didn't take long to get them acquainted with these tricks. In just eleven months there were 40,000

Benny Leonard.

more boys who could use their fists as a result of having taken military training at Yaptank. It is generally admitted that the man who knows a few boxing tricks becomes a great boxer. Using the layman term, comes naturally to the fighting man. A lot of my pupils have given good accounts of themselves in producing the Hun back to Berlin. I refer to the Seventy-seventh division, the first turned out from Camp Upton. Its record in France speaks for itself."

FORMER YALE STARS RETURN

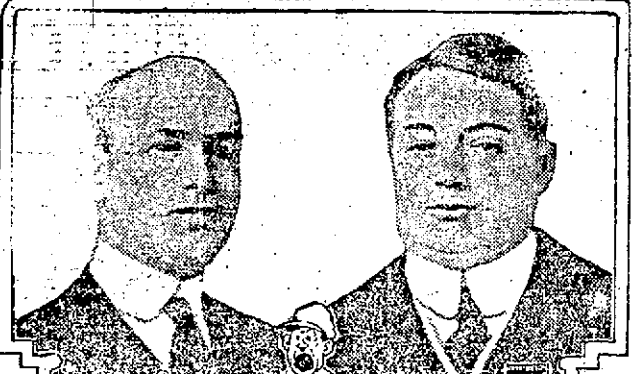

Walter Camp, Jr., Charles Paul, and George Moseley, Former Football Players, Are Back.

Three former Yale football players have returned from the war. They are Walter Camp, Jr., who was not active of varsity "tackle" in football, not war; Charles Paul, a first-class tackle several years ago, and George Moseley, whose effective end play in 1915 made Yale life again worth living.

ROSEBUD COMING BACK

Old Rosebud is coming back. It is said. This horse, which was perhaps the best gelding of his breed, has been twice on the shelf. He was the best horse among the older division in 1917, and in 1919 he will go to the races as a nine-year-old. There have been many other geldings of this age that have made good—notably Borrow, which for Harry Payne Whitney, was the Thoroughbred handicap and lowered the American record. Old Rosebud may be the same kind this year.

SYNDICATE OF NEW YORKERS SECURES CONTROL OF NATIONAL LEAGUE TEAM

For \$1,000,000 in cash the stock and franchise of the New York club of the National league has been acquired by a syndicate of New Yorkers headed by Charles A. Stoneman, a stock broker; Francis X. McQuade, former city magistrate, and John J. McGraw, manager of the club. Negotiations for the control of the club lasted for months. The estate of the late John T. Brush formerly held the bulk of the stock. It is likely that John J. McGraw will be active head of the team, but may be succeeded in the field by "Pat" Moran, formerly of the "Phillies." The photo shows the new owners of the club.

The deal was engineered by Manager McGraw, who for several years has been anxious to become a stockholder. "There were no less than ten different people after the club," said Mr. McGraw, "but some of these had no chance whatever of getting the property. We expect, with the renewed interest in the game which is already evident on all sides, that the season at the Polo grounds will be one of the best in the history of the game."

SPAIN PROMISES TO BECOME RACE CENTER

King Alfonso Will Lead Move to
Better Sport There.

Long Time Before Germany and Austria Will Regain Standing Among
Owners, Riders and Spectators—Some of the Winners.

Before the war the race tracks of Germany and Austria attracted many foreign owners, riders and spectators, but it will be a long while before that condition is resumed. In the meantime Spain promises to become a racing center that will receive the patronage of many of those who went to Hun lands.

The king of Spain, who races under the name of Duke of Toledo, won 42 races in his own country last year, and is said to be contemplating an invasion of the British turf, where King George V. will race under his own name and colors next season and has three entries in the Derby to be run at Epsom Downs on June 4.

King Alfonso headed the list of winners in his own country, with purses amounting to 25,000 pesetas. If the report of the winners be correct, the king did not get much of a run for his money, or rather, much money for his run, as a peseta is normally worth around one franc, or 20 cents, and the royal intake of \$7,000 for the 42 races sounds rather feeble. William K. Vanderbilt was third on the list of winners, with Mercurio de Villamor second, Count de Cienfuegos-Montorel fourth, and Marquis de Valderas fifth.

A Spanish jockey club, modeled after the Jockey club of England, is said to be contemplated by King Alfonso, and eight away international competitions also. There is a large and wealthy German and pro-German element in Spain which was viciously active against the entire allies all through the war, and is still at work.

It takes a hand to racing as in everything else. Thus the formation of a Jockey club in Spain is not as simple as it might seem. One strong possibility is that if formed, the membership of the club, and its attitude toward the German owners and trainers will furnish an antidote but entirely effective up on what attitude the ruling classes of Spain intend to take toward Germans in the future.

RESUME SPORTS AT CORNELL

Dr. Sharpe Looks for Great Interest
in Athletics—Absence of Foot-
ball Cut Finances.

"I look for great interest in sports at Cornell," says Dr. Albert L. Sharpe, who for six years has been in charge of football, basketball and basketball at

Al Sharpe.

Itasca. "Sentiment among the undergraduates is strong for a resumption of athletics. 'Because of the huge cost, rowing will be only between class crews next spring. You see, the absence of football last fall cut into our finances frightfully. Then, too, Cornell has many students in France. When they

come back and football is resumed, Cornell will attempt to take its old place in college athletics."

LITTLE PICKUPS OF SPORT

The United States Golf association
is made up of 450 clubs.

Princeton has taken up swimming and basketball practice.

Philadelphia fans are wondering if the Phillies will finish in the league this year.

Johnny Evers doesn't seem to be in as much demand as when he came back from France.

The Giants have tentatively scheduled games with the Orioles in Baltimore for April 12 and 13.

Dave Putz, new international league president, was one of the best base sliders the game ever saw.

Lee Magee struck out only 19 times last year. It wasn't that way when he was in the American league.

A big boom in sandlot baseball is predicted this year. There was plenty of it in major league parks last season.

What will Barrow do with all those Boston first basemen? He will have McNamara, Hohlitzel, Gaior and Bentley.

Dana Fillingim, Boston National pitcher a part of the 1918 season, pitched for the Newport naval reserves during the past summer and fall, and won 20 games for the team.

VOL. 2, NO. 4.

FEB. 22, 1919.

WITH THE SENIORS.
It has been announced in High School and the papers that plans have been started for a play to be put on by High School students. It was very good judgment of the originators of this plan to install in the east only High School students. Hereafter home talent shows have been put on by outsiders with the aid of a great many school children. This show promises to be the best of any home talent show put on in the city. In order to insure this they have decided that only High School students may take part in it. A lot of support is needed by those in charge of the affair and volunteers have been called, but there was no great response. This last school spirit and besides there are many good parts in the play that can be filled by members of the Senior Class. The seniors who are in this play will "reap a good harvest" because it will give them their first "experience" of what they will have to go through at the end of the term. It will not harm any of you to make your appearance on the stage and show those in charge what material they will have to work with at the end of the year. Seniors get busy, as Mr. Haviland and be ready to start on the first practice and do your best to make the play a success.

This was an important week in High School because of the mid-year exams. Quite a few of those expecting exemptions were disappointed last Tuesday.

It looks as though a first year pupil will have to be engaged to correct Ray Wagman's English test. He thoroughly believes that he is entitled to an "A" on the last English test. We believe the only way to insure his future "A's" is to have some one correct his paper who doesn't know much about Senior English.

Coach Bode has ordered manager Jim Loughery to provide "Bill" Lyon with a sack of scratch feed to feed his fowl (fowls). We wonder if it really would make him better.

Mr. Smith became so enthused over the D. T. H. S. game that he almost choked the "life" out of the piece of chewing gum he had.

Paul Shaw, referring to a recent incident, said "He called me up, then called me down, then bawled me up, then bawled me down. Paul must have been in wrong again."

The other day a student came up to Miss Armstrong and said, "Miss Armstrong, what book of Mark Twain is like a pretzel?" He had Miss Armstrong's "goat" until she gave up. Then he replied, "Olive Twist."

Mr. Allison and Thomas Jefferson would have been good chums. Mr. Allison believes and carries out Mr. Jefferson's idea of good government. "The best government is one that governs least." He is applying this idea in his class rooms and is thus saving himself mippy useless words.

Many peculiar replies are received each day by Mr. Smith on questioning why some seniors are tardy. Here are a few:

Louise Blankin: "Why, we had a fire at our house, Mr. Smith."

John Stader: "I just couldn't get here on time."

Iverson: "Durr. The clock in Keagy's drug store must have been slow."

Clady Lyons: "I don't know why I was late, I ran all the way down the hill."

John: "Emos: 'Fred was up last night, Mr. Smith.'"

Warren Stauffer: "I got up to do my chemistry and forgot all about school at 8:25."

George Struble: "Nobody woke me."

Estelle Wilson: "I had to comb my sister's hair."

SOPHOMORES.

(By Esther Muir.)

One of the honors of the Camp Fire is to ride 40 miles during a certain length of time. Some of the girls have decided to buy Caesar "ponies" to enable them to gain this honor.

Elyn Eaton: "Do we get our book reports back Miss Meyers?"

Miss Meyers: "At the end of the year, why?"

Lynd: "Oh, I just wanted to see that a pile of malle to make sure I got it."

TO THE CLASS OF 1921.

Sophomores have come and faded into dim and distant past.

Only to go forgotten.

As the former, so the last.

Patience, the school has waited for the advent of a class.

Having some distinctive outline.

That its memory should not pass.

To one all your sons are loyal.

And all your daughters, too.

They will hold the memory of C. H. S. and you.

Elizabeth McClaren has leased the front seat in study hall "A" for the remainder of the term. Mr. Allison has placed his signature on the lease.

EDITORIAL.

We admit that a winning spirit is better than a losing spirit but those who can lose and still have a cheery smile and a hearty laugh after their defeat are really the victors. C. H. S. suffered two severe defeats in basketball last week at the hands of their opponents.

The teams we played were good teams and gave us a square deal in every way. We could do no more ourselves. But we were defeated. Now, however, is the time to straighten up and prove that we can suffer defeat and still cheer as loud and be as loyal and proud of C. H. S. as we have been during our recent victories. As Mr. Haviland remarked in chapel Monday morning, "We can't afford to be 'sunshine backers'." That is, people who always see the rosy and sunny side of the teams when they are winning and are ever ready to say, "I am a student of the Connelville High School," yet when the teams lose a game or two they are the first to disown it and speak of it darkly whenever and wherever possible.

It is not for the Tiger to begin a lecture on the liabilities or deficiencies of our team. That we leave to other authorities, but it is the Tiger's place to see that the students of Connelville High School are imbued with the right spirit whether we win or lose. C. H. S. has never been accused of having an untoward spirit in a time like this for as far back on the records as it is possible to trace we have never been known to waver or fall down on our good sportsmanship. We are not taking any chances; however, of having this perfectly good record spoiled in the future.

C. H. S. wants all her opponents and aggressors to know that we can take defeat as well as victory and whenever they come to Connelville to participate in any athletic game or event with C. H. S. they can be assured they will be competing with a good clean school that will give them a square deal and the best of treatment possible while our guests.

Miss Jean B. Armstrong, Senior English teacher in High School, has been absent from school the last few days of this week on account of illness. She had her mid-year examination given just the same, however.

Holders of season tickets for the High School entertainment course have cause to be glad they made so good a buy. Principal Smith announces that an extra number will be given next Monday by the Marigold Quartet, a company of singers, which comes well recommended.

Evidently one of the previous numbers did not please the officials in charge as well as it should have and in order to keep up the standard of the course they decided to give an extra number. The Chantiqua people, by whom the entertainers are sent out, readily agreed to this plan and thus we have an additional number besides the regular course.

Dunbar Township may have a good basketball team but C. H. S. put it "all over" it last Friday night. D. T. H. S. fans may have lots of spirit and good cheering but Connelville outshined them so badly they couldn't hear themselves think. And last, but not least, who should cap all these climaxes but "Buddy" who came out to the game all dressed up in his new Orange and Black uniform. We can still hear all the Dunbar rooters gasping when he made his appearance.

Some of the members of the basketball team may have gone to a party the night before the Wilkesburg game and probably the game was lost on this account. But we can see no reason why some people persist in "roasting" them about it a week after the game is over.

There being only two days of high school this week we do not have an abundance of news for the "Tiger." The big event this week is the mid-year examinations for the first semester work. We will be back strong as ever next week however.

FRESHMEN.

(By Elizabeth McClaren.)

You may talk about the seniors.

With all their work and fun.

You may talk about the juniors.

Whose work is nearly done.

You may talk about the sophomores.

Or any of the rest.

But there is no doubt about it.

The Freshmen are the best.

Hyman Rider made this suggestion in Latin class, "Let's have a Latin bee."

Wilson McClaren: "Oh don't, I'll be sure to get stung."

What would happen if:—

Paul Behanna should stop using his big words?

chewing gum?

Katharine Knox or Martha Port should make 100 per cent in a Latin examination?

Charles Berkeley should forget his stick of floorice on Friday afternoon?

JUNIOR NOTES.

(By Earl Lucius.)

The annual "party fever" has affected the Junior Class again. The advance class is going to have a party—how, where or when has not been decided. Wait until next week and we will tell you all about it. This same class is going to try something absolutely new; something that has never been tried in the High School before, but we cannot tell you yet, not until it has proved a success. We want to arouse your curiosity. Have we succeeded?

The Junior Literary Societies are progressing finely under the guidance of Miss Baker. The societies have their meetings every two weeks, usually on Friday. The pupils take a great interest in the work and there promises to be some good debating and oratory next semester.

Frank McGill is very particular to whom he lends his little gold pen knife. The other day one of the girls asked to borrow his knife and he handed her a seemingly good knife. Soon another girl asked for the loan of his knife but he gave her his gold knife. Frank, we think this is strange. You told us once you came to C. H. S. because you liked the girls here. Did you say girl or girls?

We notice that Mary Prosser has been buying her spring dress early this year. Have they advanced the spring opening Mary or are you going to give us that surprise you've been keeping from us?

Robert Carpenter should be good for Miss Fretts in assembly?

Mary Keagy: "Why is George Emos so good looking?"

Hazel McPhail: "Because he sleeps with a handkerchief on his head every night to hold down his hair and massage his face every morning."

Could anyone think of a better song than this one to sing in chapel Monday morning?

"Exams" are over again.

Hurrah! Hurrah!

We can give you a pleasant smile again.

Hurrah! Hurrah!

The "Soph" once more are strutting about.

The Freshmen aren't afraid to shout, for we all feel gay since "Exams" are over again.

FIRST AND SECOND YEAR.

The following item speaks for itself. It contains the names of 54 students of the First and Second years who were exempt from all examinations and enjoyed a three-day vacation. We think this is a pretty good record for our classes:

Ruth Baker, Hazel Springer, William Young, Eleanor Roland, Mildred Blosser, Margaret Struble, Gertrude Cypher, Mildred Boyer, Edna Charlesworth, Beatrice Horewitz, Dorothy Berg, Ruth Photo, Geraldine Frutchie, Dorothy Kurtz, Laura Bella Hamman, Harold Koeber, Louis Sapoleky, Eleanor Stimmel, Evelyn Phillips, William Simpson, Edith Erieman, Henry Swartz, Lida May Tredell, Catherine Sticker, Edith Harmon, Robert Carter, Dorothy Landis, Arthur Gordon, Daine Wagman, Mary Allen, Gladys Kregger, Eleanor Belhley, Margaret Berger, Helen Smythe, Susanne Lyon, Mary K. Lepley, Helen Dobbie, Clyde Beletier, Richard K. Dixon, Walter Cunningham, William Durie, Lloyd Shaver, Arthur Gordon, Robert Rowlett, Rist Stimmel, Elizabeth Fitzsimmons, Margaret Richardson, Miriam Rosenfeld, Claude Dodson and William Cecil.

Sayings of Miss Dohman:

"Get to work, Clifford."

"Turn around, Robert."

"Sit still, Paul."

"That will do, Edgar."

Teacher: "Did you ever see the Caskey Mountains?"

Pupil: "No but I have seen them kill mice."

CLEVELAND TO GET NEW PARK

TO BE LOCATED BETWEEN TEMP. LAR FACTORY AND MADISON AVENUE.

Cleveland, O., Feb. 19.—Cleveland is to have a new city park. It is to be one of the finest parks in the middle west. Plans provide for everything which go toward making a strictly modern city park, with swimming pools, dance halls, picnic grounds, baseball diamonds, tennis courts and many other means of amusement and recreation.

Officials recently made a survey of available grounds for this purpose and selected sixteen acres between Madison avenue and the Temp. Lar Motors Corporation plant. It will make a magnificent front yard for Temp. Lar Motors and will greatly add to the land value in that vicinity.

The plans provide for a street to be cut through from Halstead west just north of the Temp. Lar factory which will be called Temp. Lar avenue. Another street will be cut through from Madison avenue south on the west boundary of the plan; and at the intersection of these two streets a most up-to-date fire department house will be erected, giving fire protection to this particular locality.

Two years ago, before the Temp. Lar factory was started, the entire stretch of ground west of Halstead was practically farm land. The erection of this factory has caused an increase in land value and building activity in Lakewood.

Temp. Lar Motors is making remarkable progress. It has completed its large war contracts and is now on a one hundred per cent automobile production basis. This unusual record of accomplishment is more remarkable when it is recalled that the company was organized and financed during the war. Conditions presented many extremely difficult problems in launching any new manufacturing industry, but Temp. Lar Motors was financed through its own organization without aid from the United States government; or outside sources.

No sooner had it begun the manufacture of Temp. Lar cars than the government requested that Temp. Lar Motors take on large contracts for finishing shells. This meant the rearrangement of equipment and the erection of two additional stories on the main unit, 500 feet long and 72 feet wide, this building to be used especially for government work.

Within sixty days from the time the government contract was signed, Temp. Lar Motors made its first shipment of finished shells to the War Department, a record unequaled by any factory doing similar work. Temp. Lar Motors is proud of the fact that it stood among the twenty-two leaders who held similar government contracts.

Then came the armistice, which necessitated a complete change in operations. Dismantling the factory from shell finishing machinery and putting in new equipment for the manufacture of automobiles made a tremendous task. However, the entire Temp. Lar factory, including the three-story building, which comprises over 110,000 square feet of floor space, is now given over to the manufacture of Temp. Lar cars and plans include the rapid extension of its factory to supply the increasing demand for its product, which will make it one of the foremost leaders in the manufacture of automobiles.

To get back to a 100 per cent automobile production basis is the aim of all motor manufacturers today. During the present month, Temp. Lar will produce over \$165,000 worth of cars and increase its output 33 per cent each succeeding month, producing between eight and nine million dollars' worth of Temp. Lar cars during 1919. Orders are being received daily for cars which exceed the ability of the factory with its present facilities to supply. At present, they are averaging ten orders daily, of which the majority are for the classy touring roadster which has proven to be the biggest seller of all Temp. Lar models.

Large distributors from all over the country are visiting the Temp. Lar plant daily and after a thorough investigation, leave the factory with contracts for Temp. Lar cars in their pockets. While Temp. Lar has made a decided bit in practically every state in this country, it has evidently made a big hit abroad, judging by the number of inquiries received and shipments made to date. Temp. Lar cars are being driven in Japan, Spain, Portugal, Argentina, Uruguay, Chile, Mexico, San Salvador and China. In fact, dealers have already been established in twelve foreign countries. This shows conclusively that a strictly high-class car of moderate size, weight and price is in popular demand abroad as well as in this country.

What Temp. Lar Motors has done for Cleveland, it will also help to do for the automobile industry. It is a soundly financed, well established, going concern on a dividend paying basis at the rate of 15 per cent annually. Its factories are well equipped with modern machinery. It is a model automobile plant throughout. It has no outstanding bonds or mortgages and is producing a complete line of high-class automobiles, the demand for which the factory is unable to supply with present facilities. The Temp. Lar exhibit at the auto show commanded the attention of all at the opening.—Adv.

A Special Demonstration of HOOVER Suction Sweepers

This store takes pleasure in announcing for Monday and Tuesday, February 24th and 25th, a special demonstration of the celebrated HOOVER SUCTION SWEEPER and CLEANER. This demonstration will be under the personal direction and supervision of Mr. Howard Moss, a special factory representative, and will be of intense interest to all women. You are invited to be present even though you do not happen to be particularly interested in the HOOVER, as distinguished from other cleaners of less renown and excellence.

Notice to Hoover Owners

All HOOVER owners are urged to attend this demonstration as Mr. Moss will explain in detail the construction and operation of THE HOOVER and will perhaps clear up many points which you do not understand fully, thus enabling you to get the maximum efficiency and service from your machine.
